

# Copperfield College Uniform Policy

## Rationale

***A school is distinguished within the community by its students and their uniform.***

## Statement

Copperfield College has developed a Uniform Policy that aims to;

- Promote personal care in appearance and comfort
- A student's sense of pride, equality and belonging in the College
- Provide availability and affordability
- Promote a positive image of Copperfield College in our local community

## Implementation

College Council reaffirms how students are expected to dress during school hours, including travelling to and from school, what the College Uniform should look like and that PSW is the official school supplier of the Copperfield College uniform.

Copperfield College expects all students enrolled in the College to wear the compulsory uniform at all times, including college intra and interschool sports, Physical Education and other events and external excursions where students are representing Copperfield College.

The College asks all parents, carers and students to ensure uniforms are;

- Copperfield College apparel and purchased from the College uniform supplier, PSW, unless parents, carers and students choose to purchase unbranded but suitable generic clothing worn below the waistline (eg. trousers, shorts and skirts)
- Are clean, in a state of good repair and appropriately fitted

In circumstances where parents find it difficult to acquire various uniform items due to cultural beliefs, student disability, health condition or economic hardship, parents and carers are asked to contact the Campus Principal.

There is a separate Implementation document linked to the upholding of the Uniform Policy.
